

System Requirements for ATS Inspect 6.2

Apply all available Windows updates and update your graphics card driver with the latest available WHQL driver.

Oracle is no longer supported in ATS Inspect.

When using Windows 7, 8.x, Windows Server 2008, 2008R2, 2012, 2012R2 you must install the Update for Universal C Runtime in Windows

Memory and processor speed values given are a minimum. Performance will be further enhanced by using increased memory, and multi-core processors.
